School & Community

Franklin Academy is a public comprehensive secondary school serving students, grades 9-12. The school district encompasses approximately 366 square miles, with the school located in the rural village of Malone, New York. Malone is located near a variety of social and recreational activities. The Lake Placid region is just over 50 miles south and Montreal is just over an hour's drive to the northeast. Malone has a 36 hole golf course and a medium sized ski resort.

Curriculum

Students are encouraged to select rigorous courses that will provide an intellectual challenge and will better prepare them for future educational and career pursuits beyond high school.

✦ All students are required to take a core program consisting of English and Social Studies for 4 years, and a minimum of 3 years of Math and Science.

✦ Students are given the opportunity to attend a Career and Technical Education program during their junior and senior years in one of the following areas: Auto Technology, Building Trades, Child Development, Cosmetology, Culinary Arts, Early Childhood Education, Electrical Trades, Health Occupations, Heavy Equipment, HVAC, or Metalworking/Welding.

Advanced Placement Program

The Advanced Placement (AP) Program provides students with the opportunity to pursue college-level studies while still in high school. Upon completion of the courses, students may receive AP credit when entering college. Academically oriented students are strongly encouraged to participate in the AP Program at Franklin Academy. We offer the following course for AP credit:

AP Physics	AP English Language/Composition
AP Biology	AP English Language/Literature
AP Psychology	AP Calculus

Accelerated/Honors Courses

If a middle school student successfully completes a high school credit course, the credit earned is used to satisfy graduation requirements. The grades earned are included when calculating the student's grade point average. Most students complete 1 unit of study in Spanish or French. Approximately 10% of students are recommended for accelerated classes in math and science based on grades, teacher input, and state assessments. Students may take English and Social Studies honors.

Dual Enrollment Courses

FA students are offered the opportunity to earn college credit through articulation agreements with North Country Community College, Paul Smith's College, St. Lawrence University, and SUNY Potsdam. The dual enrollment courses (listed below) meet both high school and college course requirements. Students take these courses at the high school campus with high school faculty.

TESTING INFORMATION
SAT - Class of 2018

High School Credits:

Participation in Government, Economics

Grading

Numerical 0-100

Highest Honors - 94 or 3.9 (weighted)

Passing Grade 65

High Honors - 90 or 3.5 (weighted)

Honors 85 or 3.0 (weighted)

Class Rank/GPA

A *weighted* class rank and grade point average is calculated based on a 4.0 scale.

The following courses as weighted as follows:

Honors - 4.50 scale

College Dual Enrollment Courses - 4.50 scale

All Others - 4.00 scale

Advanced Placement (AP) courses - 5.00 scale

All grades are computed for rank and GPA except physical education, Swinging

Sounds, and Jazz Band. Courses carrying more than one credit are calculated based

on a factor equivalent to the number of credits for the course. (e.g. Career

Technical Education Courses carry 4 credits, therefore the grade is counted 4

times). If a course is retaken the higher grade of the two is used for rank and

average. Seniors final rank/GPA is computed after the first semester.
